LED EMERGENCY BULKHEADS

Low energy alternative to standard fluorescent emergency bulkheads - perfect for office, commercial and industrial applications

- Polycarbonate construction • Internal or external use • 20mm gland entries as standard
- Hinged gear tray & push fit terminal block: allows for quicker and easier installation and maintenance
- Minimum 3 hour functionality in emergency mode • High output LEDs with bright white light
- Semi recessed fixing option available: BULKFRAME allows a more discreet installation option
- Dedicated self adhesive legend pack included with a combination of symbols: allows multiple exit path designation options
- Additional legend sets available: ISOLGDSET (ISO 7010 format) / LGDSET (signs directive format) which can be used as additional legend sets or as individual stickers for walls and doors
- Battery - Ni-Cd 3.6V 1500mAh
- Battery 1 year warranty - Replacement battery code: EB1

MAINTAINED VERSIONS:

- Facility for remote switching and non-maintained mode

BULKFRAME:

- Pressed steel construction • Spring retaining clips
- Semi recessed fixing: allows a more discreet installation option
- Hole cut out size: 350mm x 117mm
