

# LED Flat Panel Light

6W / 12W / 18W

## Features:

High brightness. Wide application and Safety in use.

LED 2835 SMD. Save energy, no pollution, instant start on, no UV radiation product.

No flicker, protect vision while use in children rooms.

Will not produce ultraviolet, No mosquito trouble. Help maintain room clean.

Economy: Reduce electricity costs, one year can save a half to the cost of lamps.

Long life with over 30000 hours lifespan.

## Certificates

## Application

- 1.Office Lighting ,
- 2.Home Lighting,
- 3.Commercial Lighting ,
- 4.Project Lighting ,
- 5.Publicity Lighting ,
- 6.School Lighting

## Specifications

Item No.	Power (W)	Luminous Flux (lm)	CCT	Ra	PF	Hole Dimension	Dimension (mm)	Input Voltage	Beam angle
HY-PLR-6W	6W	440lm	2700K ↑ ↓ 6500K			Ø 110	Ø 120* H15	AC 100-240V 50/60Hz	120°
HY-PLR-12W	12W	950lm		>80	>0.9	Ø 160	Ø 170* H15		
HY-PLR-18W	18W	1440lm				Ø 210	Ø 225* H15		

Embedded installation, easy to install convenient and security.

Adopt SMD2835 chip, single led power is 0.2W
