Mice & Rats	Very effective	U & E	Works inside walls, ceilings, attics etc in house up to 4,000 sq.ft.
Burrowing rodents (eg mole)	No effect		This is an outdoor pest and it therefore not effected by this product
Cats, squirrels, voles	No effect		This is an outdoor pest and it therefore not effected by this product
Rabbits, hares, mink	No effect		This is an outdoor pest and it therefore not effected by this product
Badgers, foxes	No effect		This is an outdoor pest and it therefore not effected by this product
Dogs (small & medium)	No effect		Ultrasound frequency not targetted at these species
Dogs (large)	No effect		Ultrasound frequency not targetted at these species
Deer, horses, sheep	No effect		This is an outdoor pest and it therefore not effected by this product
Birds (wild)	No effect		This is an outdoor pest and it therefore not effected by this product
Birds (caged in same room)	Some effect	Caution ---->	Set ultrasound to any setting other than RODENT
Bats	Effective	U & E	Place directly into affected area. Note bats may be protected species
Fish in tanks	No effect	Safe ---->	Ultrasound frequency not targetted at these species
Hamsters & other rodent pet	Effective	Caution ---->	Do not keep these animals in the same room. Other rooms are fine
Lizards & similar pets	No effect	Safe ---->	Ultrasound frequency not targetted at these species
Pregnant Ladies	No effect	Safe ---->	No health implications
Young children (u. 2 yrs)	Possible effect	Caution ---->	Set ultrasound to any setting other than RODENT
Persons with pacemakers	No effect	Safe ---->	No health implications

Settings * U - Ultrasound, E - Infrasound (electromagnetic), S - Sonic in hearing range of humans
See product manual for correct selection of switch settings

SETTINGS & FUNCTIONS						
Setting	Frequency	Coverage (area)		Distance	Sequence	LED
Rodent	26 KHz	1500 ft ²	154 m ²	22 ft / 7m	Use for all rodent pests	Blue flash
Insect	40 KHz	1500 ft ²	154 m ²	22 ft / 7m	Use for crawling insect pests	Blue ON
Spider	50 KHz	1500 ft ²	154 m ²	22 ft / 7m	Use for spiders and large insects	Blue flash
Pet Safe	OFF	Ultrasound OFF		N/A	Use if rodent pets are in room	Off
Infrasound	Normal *	4000 ft ²	370 m ²	Wiring	ON/OFF every 10 mins repeating	Red ON
Infrasound	Boost	4000 ft ²	370 m ²	Wiring	ON continuously	Red Flash

Note * Red light flashes only during active part of cycle.

GENERAL NOTES - SALES TIPS ETC
This is the highest specification pest repeller EVER. It is the ONLY pest repeller with separate settings for rodents, insects and spiders, and the ONLY repeller with a Pet Safe (off) setting for situations where it must share a room with rodents pets, such as hamsters, gerbils etc. It is also the ONLY product with infrasound (electromagnetic) coverage of 4,000 sq.ft. and the ONLY product with an energy saving (normal) setting as well as a boost setting for rodents. No other pest repeller comes close to this specification.

EC DECLARATION OF CONFORMITY

INTRODUCTION

The CE mark may only be shown on this product if it has a valid Declaration of Conformity with EC electrical directives, and if they comply with the Directive on the use of hazardous substances (RoHS Directive).

A Declaration of Conformity is only valid if:-

- A) It is signed by the manufacturer, if the manufacturer is located within the EC, or
- B) It is signed by an authorised representative of the manufacturer, who must be an EC resident

(This means that a so-called Declaration of Conformity provided by a manufacturer outside the EC is invalid)

- C) The name and address of the person signing the declaration must be given
- D) The name and address of the independent Notified Body which has given a positive statement of opinion must be given
- E) If the product is owned by a company, the company must be identified and the logo of the company, or brand logo of the product must be shown on the Declaration.

In the absence of a valid Declaration of Conformity, all responsibility for product safety rests with the person selling the product. Non-compliance with the above is an offence punishable by imprisonment.

We, the undersigned,

Manufacturer	Not released. Available for inspection by authorised bodies
