

Wire Strippers

Wire Stripper No. 5 Pro

WEICON Wire Strippers enable the fast, easy and even stripping of stranded and solid conductors. The wire stripper feature an ergonomic shape as well as an automatic scanning system, which identifies the cable diameter. This prevents damaging the inner conductor. The product family of wire strippers comprises several types, which are suitable for different applications and tailored to the users' individual needs. The wire strippers are used in skilled trades as well as in industrial applications, and they are also suitable for use in the domestic sector.

design. The wire stripper has an eyelet to attach a strap for fall protection and is equipped with a labelling surface to be able to individualise the tool. In addition, the tool has a locking mechanism for space-saving storage.

Technical Data

Cable type	finely stranded and solid conductors with PVC insulation
Application area	0,2 - 16,0 mm ² (24 - 6 AWG)
Additional use	side cutter up to max. 3 mm Ø Cu/Al
Material	fibreglass-reinforced polyamide
Inner blade	replaceable
Additional value	multi-component handle with ergonomic shape
Approval / certificate	safety tested by TÜV NORD
Accessories	spare blade, art. no. 51100012
Weight	141 g
Length	160 mm
Article number	51005005

The automatic wire stripper can be used for stripping all common stranded and solid conductors from 0.2 to 16 mm². An adjustable length stop from 5 to 25 mm enables very precise and accurate working. The length stop can be removed, if required. The wire stripper automatically adjusts to the required conductor cross-section – so no manual adjustment is necessary. The stripping tool features an integrated side cutter, which is suitable for conductors made of copper and aluminium up to a diameter of three millimetres. Thanks to slim design of the tool, the stripper can also be used in working areas that are difficult to access, such as in switch cabinets. The mechanics of the stripping tool are very smooth-running and have proven to be durable and reliable in numerous tests. The wire stripper has a non-slip multi-component handle in the blue-red "Ice Crack"

Attention:
Tool not to be used on live cables or conductors.
